

Alrick 2300 Tilt Care Bed

Alrick 2300 Tilt Care Bed

The Alrick 2300 Tilt Care Bed is the most versatile Hi-Low and tilt bed available for the healthcare industry. Featuring up to 300kg SWL sturdy frame, therefore being suitable for patients with a range of weight requirements, this bed offers sizes from single up to king widths. This bed is excellent for in-home, and facility care as it has many options available making this bed aesthetically pleasing and practical for both the patient and carers.

This bed offers electric hi-lo, electric backrest raise/lower and the use of the electric kneebend assists in preventing sliding down the bed. With new features such as auto regression backrest, backlit handset and underbed light it gives the ultimate experience, with safety to both patients and carers.
